*Senior Kathleen Schuckers*

# Stevens Institute of Technology

Founded in 1870 as the first American college to devote itself exclusively to engineering education based on scientific principles, Stevens Institute of Technology is a prestigious independent university dedicated to research, innovation, and entrepreneurship. A leading national university according to *U.S. News & World Report*, Stevens was, in 2004, ranked by *The Princeton Review* as one of the nation's "Most Entrepreneurial Campuses" and among the nation's "25 most connected campuses" by *The Princeton Review* and *Forbes.com* in 2006.

Stevens' broad-based education will lead you to prestigious degrees and rewarding careers in engineering, business, the sciences, computer science, and the humanities. With 30 majors and three degrees awarded — B.A., B.S., and the prestigious Bachelor of Engineering (B.E.) — Stevens undergraduate students have a wide range of educational options. In addition, Stevens boasts outstanding access to hands-on, real-world experience through cooperative education, internship, and research opportunities which may begin as early as your freshman year.

Master's and doctoral degrees are awarded in a variety of areas within the sciences, computer and information sciences/systems, engineering, management, and technology management. Research is vital to the university's educational mission; thus Stevens attracts world-renowned faculty to complement its exceptional on-campus facilities. That commitment to research and innovation

comes alive through *Technogenesis*, the educational frontier pioneered by Stevens where faculty, students, and industry jointly nurture research concepts to commercialization and back to the classroom. Simply put, groundbreaking research conducted in our facilities has a tangible impact on our daily lives — our partnerships with government and industry are creating innovative solutions to society's most pressing problems.

Located in Hoboken, New Jersey, a quaint one-mile-square town with Victorian brownstones and tree-lined streets dotted with great restaurants and trendy shops, Stevens sits on a high bank of the majestic Hudson River. The 55-acre campus, with stretches of deep green lawns, old-growth elms and maples, and historic classroom buildings, offers the best view of the New York City skyline.

*For more information about Stevens, please contact the Office of Undergraduate Admissions at (800) 458-5323, e-mail [admissions@stevens.edu](mailto:admissions@stevens.edu), or visit [www.stevens.edu](http://www.stevens.edu).*

## STEVENS HIGHLIGHTS

**Degrees offered:** B.S., B.E., B.A., M.S., M.B.A., M.Eng., M.E., Ph.D.

**Pre-Professional Programs:** Dentistry, Law, Medicine

**Number of undergraduate students:** 2,234

# Jeff Parker

## Head Coach \* 12th Season \* Texas Tech University '91

In the fall of 2011, Jeff Parker will be on the sidelines as head coach of the Stevens Institute of Technology women's soccer program for the 12th consecutive year. During that time, Parker has managed to turn a middle-of-the-road program into a national contender. In fact, Parker's tenure at Stevens has included last season's Empire 8 Championship, seven Skyline Conference titles (one for each season that the Ducks were in the league), six NCAA Tournament appearances, two Women's Intercollegiate Athletic Conference Championships and three Eastern Collegiate Athletic Conference Tournament titles that resulted in a pair of ECAC Metro Championships in 2007 and 2008.

In the nine years prior to his arrival at Stevens, the Ducks managed a total of 33 wins. Over the course of Parker's first eleven seasons with the team, Stevens has registered a 156-59-14 overall record and a 64-9-1 conference ledger. He owns a 0.725 career winning percentage at Stevens entering 2011.

The 2010 season resulted in another appearance in the NCAA tournament after a 17-4-1 season, including an 8-1 record at home, and an Empire 8 Championship. The Ducks entered as the third seed after dropping tough overtime matches to the event's top two seeds. Stevens defeated nationally ranked and NCAA tournament participant Ithaca, 2-0 in the semifinal, before scoring in the 90th minute to defeat host and regular-season champion Nazareth, 2-1 in the final. The Ducks came back to defeat William Paterson in the NCAA first round before falling to host Dickinson College in the round of 32. Stevens finished the season ranked No. 23 nationally.

Seven student athletes were named to the Empire 8 All-Conference team and three Ducks also earned All-Region honors. Bridgette Barden was named the Empire 8 Rookie of the Year and also earned All-East Region honors for her play last fall. Kathleen Schuckers was all named to the All-Region team, and Kaitlin McClymont received an All-Region nod as well as NSCAA scholar-athlete recognition.

Parker holds certifications from the National Soccer Coaches Association of America and the United States Soccer Federation. He has completed courses from the United European Football Association, the Czech Football Association, and the Football Association of Ireland. Parker has also served on the New Jersey NSCAA Staff and served four years on the NCAA Division III Women's Soccer Committee, the last two as the National Chair.

The San Antonio, Texas native has blended those experiences, as well as five years coaching at the NCAA Division I level at Georgetown University and Saint Peter's College and a three-year stint of living and playing in England, into a unique blend of philosophies, tactics, and style.

"It's a player's game," Parker said. "I try to help them to work together, be unselfish, play sound defensively, and to play as a unit. Life is complicated enough, soccer doesn't have to be."

Laura Williamson returns for her third season as Steven's top assistant in 2011. Joining them on staff are John Sasieta, Gretchen Lear, Margaret Kostro, Valerie Barnhart '05 and Salme Cook '09 & '11.

"The quality of our staff gives us an advantage over almost every school we compete against," Parker said. "The coaches are a major resource, both on and off the field, and they are just part of the opportunities that our program is able to present to our student-athletes."

The 2000 season was Parker's first, and the squad finished with both the Skyline and Women's Intercollegiate

Athletic Conference titles. In 2001, the Ducks had the nation's top turnaround as they finished the regular season at 16-1-1 after posting a 7-10-1 mark in 2000 and again won both the Skyline and WIAC championships.

Stevens recorded another solid campaign in 2002 by finishing 13-7-1 and reaching the second round of the NCAA Championship. In the process, the Ducks became the first team in school history to receive a national at-large bid, play host to the contest, and also win an NCAA tournament match as the Ducks downed John Hopkins, 1-0.

The 2003 squad faced five nationally-ranked teams (four of which were ranked in the Top-10), won the Skyline regular-season and postseason tournament titles, and reached the NCAA regional semifinals during a 14-7-1 campaign.

In 2004, the Ducks had a bar-raising season as they went 18-2-2, captured their fifth-straight Skyline crown, garnered the program's first-ever national ranking, and advanced in the NCAA Tournament for the third consecutive season. Along the way, Stevens set or tied 30 school records, which included seven new listings in the NCAA Division III record book.

In fall of 2005, Stevens reached the Sweet 16 of the NCAA Championship. In the process, the Ducks ran their conference winning streak to 40 matches, completed a perfect home record at 13-0, earned what was then their highest national ranking (No. 16), and finished the campaign with a new school record for wins at 20-3.

During 2006, Stevens rebounded from a 1-2-2 start to go 15-3-3 on the year. Along the way, the Ducks captured their seventh Skyline title in a row, extended their consecutive conference victory streak to 49 matches, and reached the NCAA Tournament for the fifth-straight season.

In 2007, Stevens finished in second place in its first season in the Empire 8 Athletic Conference. The Ducks went on to post a 15-4-2 overall record and captured their first-ever ECAC Metro Championship. Stevens began the year ranked No. 15 in the country in the NSCAA poll, tying the high-water mark in program history. In addition, the Ducks suffered their first conference loss since 2000, ending the third-longest conference winning streak in NCAA Division III history at 50 matches.

In 2008, Stevens finished with a 15-5-2 overall record with a 5-3 mark in conference play en route to their second straight ECAC Metro Championship. Stevens defeated Drew University, 2-1 in the opening round, before downing Kean University, 4-2 in the semifinals, and New York University, 1-0 in the finals. Parker helped develop seven all-Empire 8 performers in 2008, including All-Empire 8 first-teamer and Defensive Player of the Year Salme Cook.

The Ducks got off to a rough start in 2009, but rebounded to take six of their last nine contests to finish 5-3 in league play and clinch the third seed in the Empire 8 Conference tournament; pushing their consecutive post season appearance streak to ten.

Since 2001, Stevens has made the De Baun Athletic Complex one of the nation's toughest venues in the country, going 88-12-10 (0.845) in that span and outscoring opponents 304-63. Stevens posted a 44 match unbeaten streak at home from 2004 to 2008, the sixth-longest streak in NCAA D-III history.

Parker currently resides in Nutley, N.J., with his wife, Leena.

### The Parker File

Season	Overall	Conference
* 2000	7-10-1	3-0-1, 4-1-0

### Sarah Lehman - Sr. - B/M

Major — Chemical Biology  
Five career goals and six career assists  
2010 Empire 8 Second-Team  
Appeared in 53 career games

### Kaitlin McClymont - Sr. - GK

Major — Mechanical Engineering  
Compiled 15-4-1 record in 2010  
Stopped 117 shots and posted a 0.97 goals against average  
Empire 8 Honorable Mention as a junior

### Kathleen Schuckers - Sr. - F

Major — Engineering Management  
Totaled 50 points in past two seasons  
Two-time Empire 8 All-Conference honoree  
Member of second-team All-East Region in 2010

### Zabella Simos - Sr. - M

Major — Chemical Biology  
Appeared in 40 career matches  
Helped team post eight shutouts in 2010  
Started in 12 games in 2009

### Paige Allen - Jr. - M/B

Major — Chemical Biology  
Started in all 40 career games  
Empire 8 second-team as a sophomore  
Tallied one career goal and four career assists

# 2011 Season Preview

Team first. Get better today. Long the hallmarks of the Stevens Institute of Technology women's soccer program that will repeat this mantra as they enter 2011 fresh off last season's NCAA Tournament second-round appearance and first-ever Empire 8 Championship. The Ducks finished 17-4-1 overall and played an entertaining style that saw them lead the conference in scoring and extend the program's consecutive post-season appearance streak to 11-straight seasons.

Head Coach **Jeff Parker**, now in his 12th year at the helm of the women's program, believes that the core of senior leaders will continue the evolution of the Ducks' program and help a strong group of newcomers fit right in with the tradition of excellence on the Palisade.

Parker stresses that each season is a new year and past accomplishments are not a guarantee of success for this season. He would like his squad to build confidence by tackling every day with a thought of energy, attitude, effort, thankfulness and servant hood – what he calls the program's "non-negotiables." Parker says that "it's important for the group to understand what it is to be a teammate, and the quicker they decide what that means and what they are willing to do, the better off we will be."

Since the Ducks lost eight student-athletes to graduation from the 2010 squad, the team will look to four seniors and one graduate student for guidance and leadership. Several of the new faces, however, will be expected to step right in and contribute immediately.

Anchoring the defense will be goalkeeper **Kaitlin McClymont** (Corpus Christi, Texas). McClymont was one of the team's most vocal leaders and an honorable mention All-Empire 8 selection last season. She was among the nation's leaders in save percentage (.867) and made 117 saves in allowing a paltry 0.97 goals per game for a 15-4-1 record.

Junior Paige Allen

Senior Sarah Lehman

McClymont will be facing stiff competition from two very polished goalkeepers that can step in and compete in net in junior **Teegan Kelly** (Charlton, N.Y.) and sophomore **Catherine Keough** (Barnegat, N.J.). Kelly recorded 180 minutes of action in goal a year ago and made 13 saves. She also has logged time on the field in each her first two seasons. Keough battled through injuries to post two wins for the Ducks, including one shutout, and posted a 0.59 goals against average last season.

**Kathleen Schuckers** (Lincoln Park, N.J.) will be the team's main threat in attack, as she's been the leading scorer for the Ducks each of the past two seasons. Schuckers, a two-time All-Empire 8 selection, registered goals in three of the four postseason games for Stevens.

Midfielder **Sarah Lehman** (Gilbert, Ariz.) tallied 15 points (five goals, five assists) in 2010 and was selected to the Empire 8 second team. Lehman wore the captain's armband in several matches last season and will look to be the on-field leader once again in 2011.

Another senior midfielder that will be a positive force and a tone setter for this year's squad will be **Zabella Simos** (Valley Stream, N.Y.). Simos played in 16 games last season and will be looked to for leadership and stability in the middle of the park.

A three-time All-American in lacrosse as an undergraduate, **Christine Smith** (East Northport, N.Y.), will look to add knowledge and experience as she completes her graduate degree at Castle Point.

Junior **Paige Allen** (Manalapan, N.J.) played in all 22 games for the Ducks last season and was a mainstay in the Stevens back line. She was an all-conference honoree and should compete for time in the central or outside back positions.

The 2010 Empire 8 Rookie of the Year and First-Team member, **Bridgette Barden** (Redondo Beach, Calif.), is back for her sophomore campaign. Barden returns as the team's second-leading scorer from a year ago and will be looked upon as a solidifying force in the central midfield.

On the schedule for this season, including the vigorous Empire 8 conference slate, the Ducks have 13 teams slated to play that advanced to the postseason in 2010. Four of those teams happened to make the NCAA Tournament, which includes E8 rival Ithaca College, Farmingdale State University, The College of New Jersey and Western Connecticut State University.

Also on tap for the Ducks will be the always entertaining local derby against Montclair State University, which happens to be the 2011 season home opener and Duck Country match on September 1. Stevens will then host New York University on September 3rd before travelling to Eastern University on September 7th.

As the Eighth Annual Engineering Cup rolls around on September 10 and 11, Stevens will play host to Ursinus College and Ohio Northern University. The Ducks will then travel to Vassar College and Fairleigh Dickinson University-Florham, September 14 and 16, before hosting Nazareth, in a rematch of the 2010 Empire 8 championship, on September 24.

Other key match-ups will be the annual Columbus Day road trip as the Ducks travel to face St. John Fisher College on October 8 before a match-up with Ithaca College on October 9. Alfred University comes to town for Homecoming on the 15, before the annual Alumnae Day event takes place on October 22 as Stevens hosts Hartwick College. And finally, the Ducks entertain Elmira College on Senior Day October 29.

Sophomore Bridgette Barden

## 2010 Empire 8 Conference Champions

# Stevens Athletic Facilities

Schaefer Athletic Center

## THE STEVENS ADVANTAGE . . .

The Stevens Institute of Technology Athletic Complex is comprised of over \$20 million in facilities and caters to only 1,900 students.

Stevens opened its \$13 million Charles V. Schaefer, Jr. Athletic & Recreation Center in 1994. The Athletic Training Center contains a rubberized flooring which can accommodate soccer, tennis, basketball, volleyball and other activities. The second level contains the six-lane 25-yard De Baun Aquatic Center, a Jacuzzi, showers, locker rooms and an athletic training room. The third level features the Canavan Arena, a multi-purpose arena ideal for basketball, volleyball, fencing and other indoor activities. The top floor houses a fitness center containing cardiovascular and weight-training equipment plus a conference/classroom for video or personal instruction.

Walker Gymnasium re-opened in 2004 with its \$4 million modernizing renovation. The facility has central air conditioning, a state-of-the-art weightlifting facility, coaches' offices, five team locker rooms with showers, a recruiting lounge and many aesthetic upgrades. The main floor continues to house the basketball/volleyball court with a raised running track.

During the summer of 2007, the De Baun Athletic Complex underwent a major renovation as the existing NeXturf surface was replaced with state-of-the-art FieldTurf. This marked a significant upgrade to the surface and provided Stevens with a first-class outdoor facility. The De Baun Athletic Complex is home to a number of varsity teams and is used for intramural sports, physical education classes and recreation.

Furthermore, in 2007, Stevens reached an agreement to share the brand-new Weehawken Recreation Center and Waterfront Park, which is located approximately two miles from campus. This facility will be used by varsity and intramural sports as well as campus recreation.

Stevens is one of few Division III institutions in the nation to establish a private strength and conditioning training facility (4,000 square foot) for exclusive use by its varsity athletes. Year-round strength and conditioning programs for each sport are devised through consultations between the sport's head coach and two full-time strength and conditioning coaches.
